

**CALIFORNIA APPLIED PREVENTION
TECHNOLOGIES INITIATIVE
(TECHNICAL ASSISTANCE AND TRAINING PROJECT)**

ADP-RFP-06-1

This is a Request for Proposals (RFP) to develop and manage the California Applied Prevention Technologies Initiative (CAPTI). This contract will function as an AOD community prevention development and technology transfer system to serve AOD prevention organizations and practitioners throughout California. Its primary role is to synthesize and translate state-of-the-art AOD community prevention research-based findings into effective, culturally competent training and technical assistance services that meet the needs of the AOD prevention services field. The desired outcome of these services is a positive change in the development and implementation of AOD community prevention planning and programs in communities adversely impacted by the availability and use of alcohol and other drugs. This contract will also provide AOD prevention technical assistance support to the Department.

The initial contract term will be for 12 months, with possible renewals of two additional 12-month contract terms.

Bids should be submitted for an amount up to, but not to exceed \$1,370,000 for a contract term of 12 months. Funding for any renewals is at ADP's sole discretion and is contingent upon the availability of funds.

Bidder must be a public or private nonprofit organization in good standing with the State of California and the federal government.

Bid Proposal Due Date: July 19, 2006, 4:00 p.m.
